## Fred's Times Tables Practice

For the number: 11

Here are some more!

$11 \times 1 = \underline{\quad}$

$11 \times 2 = \underline{\quad}$

$11 \times 3 = \underline{\quad}$

$11 \times 4 = \underline{\quad}$

$11 \times 5 = \underline{\quad}$

$11 \times 6 = \underline{\quad}$

$11 \times 7 = \underline{\quad}$

$11 \times 8 = \underline{\quad}$

$11 \times 9 = \underline{\quad}$

$11 \times 10 = \underline{\quad}$

$11 \times 11 = \underline{\quad}$

$11 \times 10 = \underline{\quad}$

$11 \times 9 = \underline{\quad}$

$11 \times 8 = \underline{\quad}$

$1 \times 11 = \underline{\quad}$

$2 \times 11 = \underline{\quad}$

$3 \times 11 = \underline{\quad}$

$4 \times 11 = \underline{\quad}$

$5 \times 11 = \underline{\quad}$

$6 \times 11 = \underline{\quad}$

$7 \times 11 = \underline{\quad}$

$8 \times 11 = \underline{\quad}$

$9 \times 11 = \underline{\quad}$

$10 \times 11 = \underline{\quad}$

$11 \times 11 = \underline{\quad}$

$10 \times 11 = \underline{\quad}$

$9 \times 11 = \underline{\quad}$

$8 \times 11 = \underline{\quad}$

### Elevens are fun!

Do you notice anything special about the answers  
when you multiply 11 by the numbers 1 through 9?
